Assistant Professor, Mae Fah Luang University, Thailand, E-mail: orawan.suw@mfu.ac.th

Expert Level (Scientific Service Achievement Award)

The award is presented to the experts who have made outstanding contributions to advancing in [Chemical Engineering](#). It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award for Catalysis, Polymer, Environmental and Petroleum Engineering, etc.. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the relative field in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and [developments](#) towards the related subjects.

The deserving & potential candidates for the award can be nominated via online.

Professional Level (The Research Contribution Award)

The [Award](#) is intended for professional or academic research activity acquired in Chemical Engineering research field in the public or private sector for experts having research knowledge at 10+ years in the field of Chemical Engineering with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or within the country during which the research worker is recruited), even if a doctorate was never started or envisaged.

The deserving & potential candidates for the award can be nominated via online.

This award recognizes an individual who has made significant contribution to the field of Chemical Engineering.

Scholar Level (The Upcoming Researcher Award)

The conference offers [Scholar Level Award](#) for the upcoming scientists, researchers and experts having 10+ years research experience in the field of Chemical Engineering. Our conference would like to provide best platform to expand your network by sharing your research knowledge at stage. Presentation includes 25-30 minutes of oral talk on the scientific research topics based on the theme of the

conference along with 5 minutes panel discussions. The deserving & potential candidates for the award can be nominated via online.

Women Scientist (The Women of Science Award)

The Chemical Engineering 2020 Awards will designate outstanding women researchers and scientists. Our conference provides a unique platform for women scientists for presenting latest research [projects](#) with an in-depth analysis. We cordially invite women scholars and scientists from Universities/ Industries who have 10+ years of research experience to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations.

Women scientists can nominate the deserving candidate via online.

For Women International Awards identify and support eminent women in Chemical Engineering field throughout the world.

Outstanding speaker in Chemical Engineering 2020

This award is recognizing for individual who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Chemical Engineering. This award recognizes individuals for outstanding contributions in Chemical, Catalysis, Polymer, Environmental and [Petroleum Engineering](#). You can nominate deserving of the award through online

Best Keynote Speaker in Chemical Engineering 2020

This award is recognized for best [Keynote speaker](#) who will present their projects, strategies, and schemes that have been implemented to improve long-term excellence in Chemical Engineering. This award is presented to honour individual outstanding Keynote speaker in the cause of Chemical Engineering that has been performed with an international perspective and with international impact. If you were confirmed as keynote presenter from the program manager,

you can nominate someone deserving of the award through online.

Best Poster Presentation in Chemical Engineering 2020

Student Poster Competition is organized at Conference, to encourage students and recent graduates to present their original research.

All accepted [abstracts](#) are conferred at the poster sessions throughout the conference.

Conference Series aims at setting up a platform for all the budding scientists and researchers to gift their period of work and share their views and aspects associated with the theme of the conference. You can nominate someone deserving of the award through online. Posters are judged by members of

the OCM and consideration is given to scientific rigour, contribution to the field, relevance to the conference theme and overall presentation.

Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation in Chemical Engineering 2020

This award is recognizing for Masters/Ph.D./Post Doctorate thesis work Presentation who will present their projects and thesis that have been implemented to improve long-term excellence in the field of Chemical Engineering. This award is presented to stimulate, acknowledge, and [reward](#) outstanding educational efforts by Chemical Engineers professionals. You can nominate deserving of the award through online. You can nominate someone deserving of the award through online.
